

# Jane Smith

Progress in 3 Year Olds as of **March 2018**

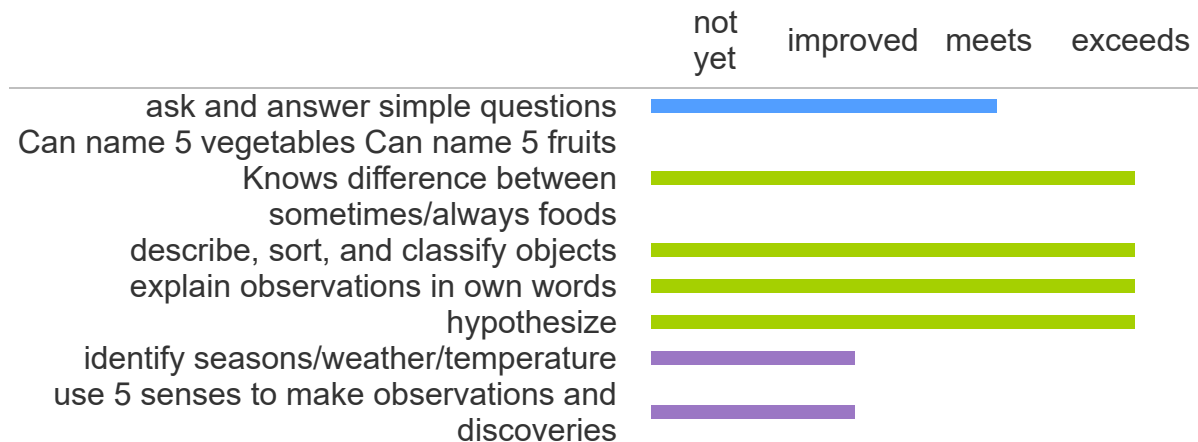

## Engineering/Art Design

### teacher comments

Jane loves to build with wooden blocks, magnets or bristle blocks. She does well following directions of a simple build (long vs. tall, big vs. little) and she can replicate simple designs too!

## Science

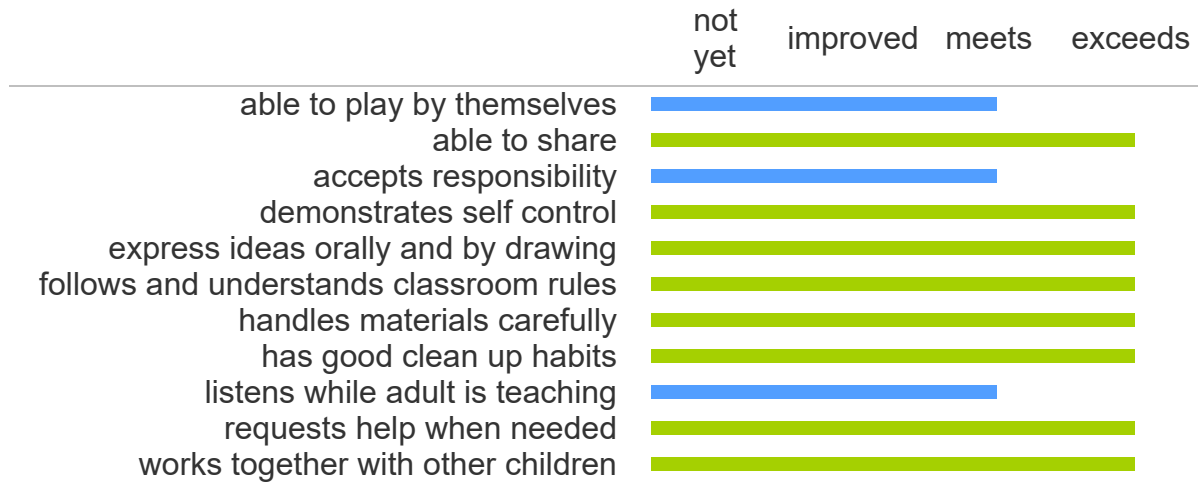

### teacher comments

Jane really excels with classifying things and making predictions. She is often right too! We have recently introduced the 5 senses and will continue to work on that concept in class over the next few months.

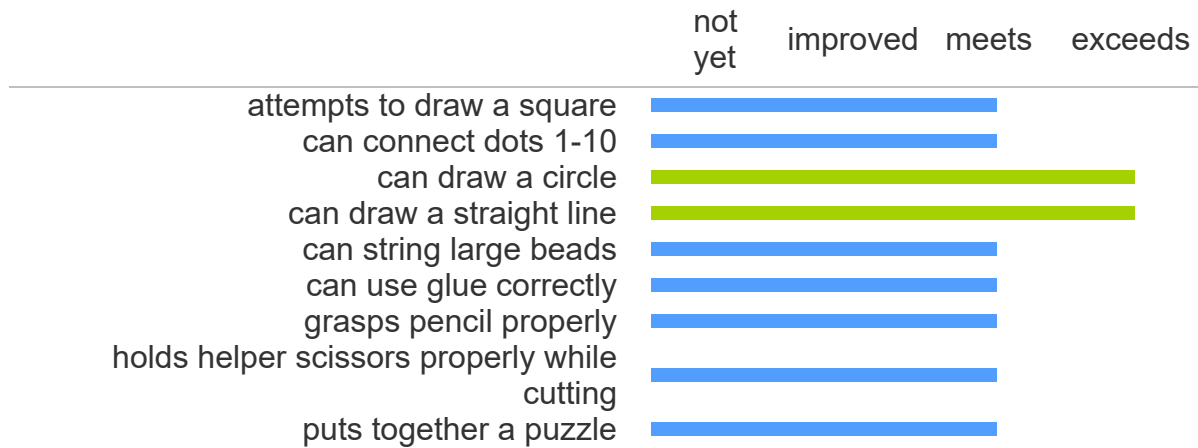

## Character Traits that Support Learning

### teacher comments

Jane is our social butterfly in class. She loves to play with her friends and is very inclusive of others. In fact, she definitely prefers to play and work in a group than independently.

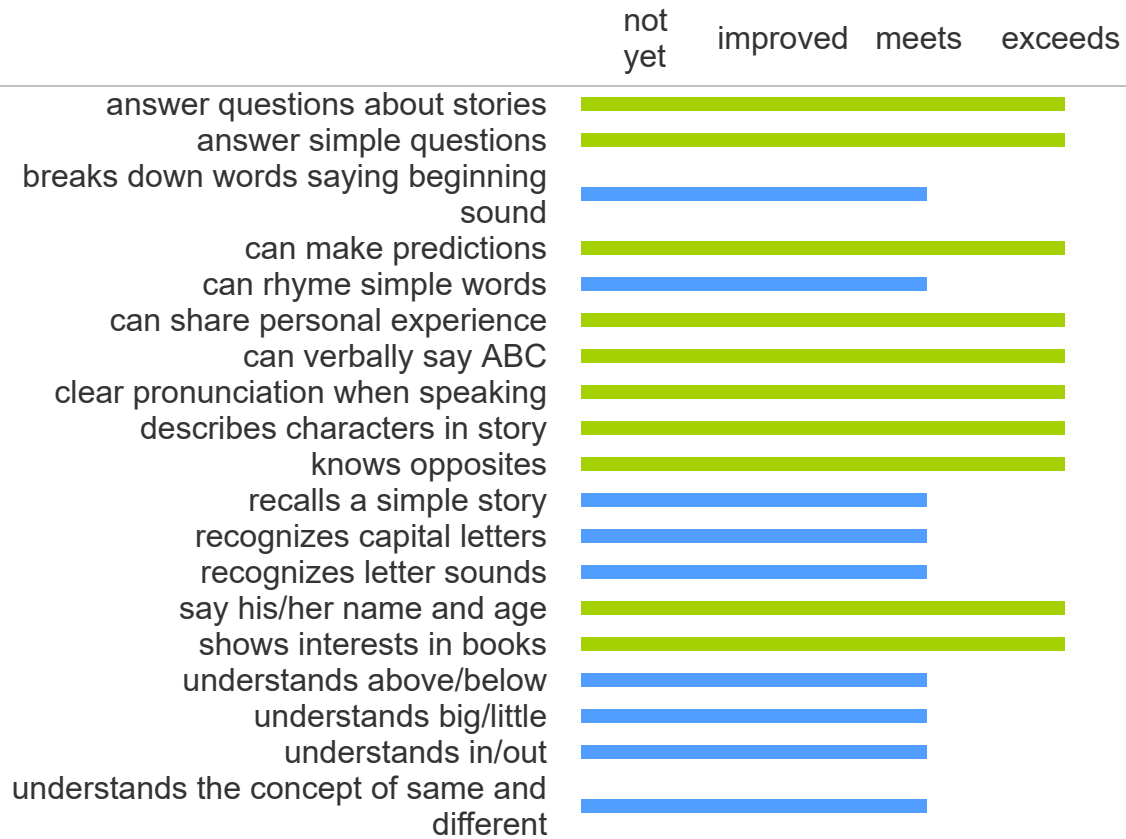

## Fine Motor

### teacher comments

Jane is on track with all of her fine motor skills.

## Reading & Language

## Social Studies

# Writing

not yet    improved    meets    exceeds

## teacher comments

Jane has come along way with her pre-writing skills! We continue to remind her to hold her pencil with a "pinch" and she is now doing it correctly more times than not.

## teacher comments

Jane is such a joy to have in class! She has lots of friends and is always volunteering to help the teacher. Her favorite thing to do in the gym is jump into the pit! I love having Jane in my class.
