Please familiarize yourself with these policies and share them with your children. Please feel free to inform us of any potentially dangerous activity or hazard that you feel requires our attention.

- Climbing on the ½ wall in the lobby is prohibited.
- Students that are not potty-trained must have a parent on the premises at all times.
- We prefer that parents of preschoolers remain on the premises while their child is in class

Gymnastics, Tumbling, Ninja and Cheer Class General Procedures

Class Time

- At your child's class time, a coach will make an announcement for athletes to enter the gym. All students starting at that specific hour will enter the gym simultaneously. Coaches are available to help direct your child to the correct warm-up floor.
- More than one class participates in warm-up together. At the end of warm-up, students will split up into their class.
- Athletes will rotate around the gym to 3 or 4 apparatus each class depending on the weekly lesson plan and their class level. Your child will get to each event in a two week cycle.
- At the end of class, students will receive a stamp and take a few minutes to review their daily workout with their coach. Occasionally handouts will be sent home with your child informing you of upcoming events and/or things we have been working on in class.

Student Evaluations

- Coaches are constantly updating their students' progress using a report card system. We send home formal evaluations twice a year: May and December. However, please feel free to touch base with your athletes coach at any time to check on his or her progress.
